Data, Assessment & Plan (Character Limit: 9900)

**On 4/11/2011 at 10:41 AM, Barbara Guglielmo wrote:**

**DATA:** I met with Happy at the YMCA after school. She is enrolled in a tutoring/mentor program for six weeks.

**ASSESSMENT:** Happy is really benefiting from her relationship with her tutor, Nancy Jacobsen. She has been completing her school assignments and is happy to work with Nancy.

**PLAN:** We have scheduled another meeting with Nancy in two weeks to assess her progress in the tutoring program.

This section has been modified so **Data, Assessment & Plan** are now collected in one field. The character limit is set to 9900. This should be sufficient for all three sections.
