

RIFIS Update

July 17, 2012

The Assessments/Forms Tab will have modified versions of the Crisis Plan, Functional Assessment and Strengths, Needs, Cultural Discover (SNCD). The modified versions were designed to capture the information staff are learning in Wrap training and also were mapped to Medicaid requirements. Any information utilizing old versions of these forms will be preserved in the RIFIS database, so please go forward utilizing new forms. Thank you.

CRISIS PLAN:
